

How to play videos on PC-1600 :

1. BLOAD files (Name0.VID to max. Name3.VID).
2. BLOAD VPLAYER.BIN .
3. CALL &EEB1 (ENTER)

Explanation:

STARTVID.BAS:

You can also use the basic program STARTVID.BAS  
It is loading all files to play the video and starting itself.  
All files should be stored on Ramdisk S2:
